

AMENDMENTS TO THE SPECIFICATION

In the Specification

Please substitute the following amended paragraph(s) and/or section(s) (deleted matter is shown by strikethrough and added matter is shown by underlining):

**Please insert the following paragraph at page 12, at line 25:**

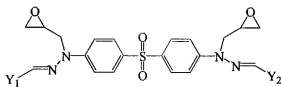

In another embodiment, an organophotoreceptor comprises a charge transport material wherein the charge transport material is selected from the group of compounds represented by the following formula:

where Y<sub>1</sub> and Y<sub>2</sub> are, each independently, an arylamine group.

**Please insert the following paragraph at page 24, between lines 13 and 14:**

In another embodiment, an organophotoreceptor comprises a charge transport material wherein the charge transport material is selected from the group of compounds represented by the following formula:

where Y<sub>1</sub> and Y<sub>2</sub> are, each independently, an arylamine group.
